

THIS DISCLOSURE STATEMENT CONCERNS THE REAL PROPERTY SITUATED IN THE CITY OF San Jose, COUNTY OF Santa Clara, STATE OF CALIFORNIA, DESCRIBED AS 1062 Summerplace Dr, San Jose, CA 95122

THIS STATEMENT IS A DISCLOSURE OF THE CONDITION OF THE ABOVE DESCRIBED PROPERTY IN COMPLIANCE WITH SECTION 1102 OF THE CIVIL CODE AS OF (date) \_\_\_\_\_. IT IS NOT A WARRANTY OF ANY KIND BY THE SELLER(S) OR ANY AGENT(S) REPRESENTING ANY PRINCIPAL(S) IN THIS TRANSACTION, AND IS NOT A SUBSTITUTE FOR ANY INSPECTIONS OR WARRANTIES THE PRINCIPAL(S) MAY WISH TO OBTAIN.

**I. COORDINATION WITH OTHER DISCLOSURE FORMS**

This Real Estate Transfer Disclosure Statement is made pursuant to Section 1102 of the Civil Code. Other statutes require disclosures, depending upon the details of the particular real estate transaction (for example: special study zone and purchase-money liens on residential property).

**Substituted Disclosures:** The following disclosures and other disclosures required by law, including the Natural Hazard Disclosure Report/Statement that may include airport annoyances, earthquake, fire, flood, or special assessment information, have or will be made in connection with this real estate transfer, and are intended to satisfy the disclosure obligations on this form, where the subject matter is the same:

- Inspection reports completed pursuant to the contract of sale or receipt for deposit.
- Additional inspection reports or disclosures: \_\_\_\_\_

**II. SELLER'S INFORMATION**

The Seller discloses the following information with the knowledge that even though this is not a warranty, prospective Buyers may rely on this information in deciding whether and on what terms to purchase the subject property. Seller hereby authorizes any agent(s) representing any principal(s) in this transaction to provide a copy of this statement to any person or entity in connection with any actual or anticipated sale of the property.

**THE FOLLOWING ARE REPRESENTATIONS MADE BY THE SELLER(S) AND ARE NOT THE REPRESENTATIONS OF THE AGENT(S), IF ANY. THIS INFORMATION IS A DISCLOSURE AND IS NOT INTENDED TO BE PART OF ANY CONTRACT BETWEEN THE BUYER AND SELLER.**

Seller  is  is not occupying the property.

**A. The subject property has the items checked below: \***

Property Address: 1062 Summerplace Dr, San Jose, CA 95122

Date: 7/27/18

B. Are you (Seller) aware of any significant defects/malfunctions in any of the following?  Yes  No. If yes, check appropriate space(s) below.

- Interior Walls  Ceilings  Floors  Exterior Walls  Insulation  Roof(s)  Windows  Doors  Foundation  Slab(s)
- Driveways  Sidewalks  Walls/Fences  Electrical Systems  Plumbing/Sewers/Septics  Other Structural Components

(Describe: \_\_\_\_\_)

If any of the above is checked, explain. (Attach additional sheets if necessary.): \_\_\_\_\_

\*Installation of a listed appliance, device, or amenity is not a precondition of sale or transfer of the dwelling. The carbon monoxide device, garage door opener, or child-resistant pool barrier may not be in compliance with the safety standards relating to, respectively, carbon monoxide device standards of Chapter 8 (commencing with Section 13260) of Part 2 of Division 12 of, automatic reversing device standards of Chapter 12.5 (commencing with Section 19890) of Part 3 of Division 13 of, or the pool safety standards of Article 2.5 (commencing with Section 115920) of Chapter 5 of Part 10 of Division 104 of, the Health and Safety Code. Window security bars may not have quick-release mechanisms in compliance with the 1995 edition of the California Building Standards Code. Section 1101.4 of the Civil Code requires all single-family residences built on or before January 1, 1994, to be equipped with water-conserving plumbing fixtures after January 1, 2017. Additionally, on and after January 1, 2014, a single-family residence built on or before January 1, 1994, that is altered or improved is required to be equipped with water-conserving plumbing fixtures as a condition of final approval. Fixtures in this dwelling may not comply with section 1101.4 of the Civil Code.

C. Are you (Seller) aware of any the following:

1. Substances, materials, or products which may be an environmental hazard such as, but not limited to, asbestos, formaldehyde, radon gas, lead-based paint, mold, fuel or chemical storage tanks, and contaminated soil or water on the subject property .....  Yes  No
2. Features of the property shared in common with adjoining landowners, such as walls, fences, and driveways, whose use or responsibility for maintenance may have an effect on the subject property .....  Yes  No
3. Any encroachments, easements or similar matters that may affect your interest in the subject property .....  Yes  No
4. Room additions, structural modifications, or other alterations or repairs made without necessary permits. ....  Yes  No
5. Room additions, structural modifications, or other alterations or repairs not in compliance with building codes ..  Yes  No
6. Fill (compacted or otherwise) on the property or any portion thereof .....  Yes  No
7. Any settling from any cause, or slippage, sliding, or other soil problems .....  Yes  No
8. Flooding, drainage or grading problems .....  Yes  No
9. Major damage to the property or any of the structures from fire, earthquake, floods, or landslides .....  Yes  No
10. Any zoning violations, nonconforming uses, violations of "setback" requirements .....  Yes  No
11. Neighborhood noise problems or other nuisances .....  Yes  No
12. CC&R's or other deed restrictions or obligations .....  Yes  No
13. Homeowners' Association which has any authority over the subject property .....  Yes  No
14. Any "common area" (facilities such as pools, tennis courts, walkways, or other areas co-owned in undivided interest with others) .....  Yes  No
15. Any notices of abatement or citations against the property .....  Yes  No
16. Any lawsuits by or against the Seller threatening to or affecting this real property, claims for damages by the Seller pursuant to Section 910 or 914 threatening to or affecting this real property, claims for breach of warranty pursuant to Section 900 threatening to or affecting this real property, or claims for breach of an enhanced protection agreement pursuant to Section 903 threatening to or affecting this real property, including any lawsuits or claims for damages pursuant to Section 910 or 914 alleging a defect or deficiency in this real property or "common areas" (facilities such as pools, tennis courts, walkways, or other areas co-owned in undivided interest with others) .....  Yes  No

If the answer to any of these is yes, explain. (Attach additional sheets if necessary.): 3)

#2) walkways  
#14) H.O.A.

- D. 1. The Seller certifies that the property, as of the close of escrow, will be in compliance with Section 13113.8 of the Health and Safety Code by having operable smoke detector(s) which are approved, listed, and installed in accordance with the State Fire Marshal's regulations and applicable local standards.
2. The Seller certifies that the property, as of the close of escrow, will be in compliance with Section 19211 of the Health and Safety Code by having the water heater tank(s) braced, anchored, or strapped in place in accordance with applicable law.

CALIFORNIA  
ASSOCIATION  
OF REALTORS®

**AGENT VISUAL INSPECTION DISCLOSURE  
(CALIFORNIA CIVIL CODE § 2079 ET SEQ.)**  
For use by an agent when a transfer disclosure statement is  
required or when a seller is exempt from completing a TDS  
(C.A.R. Form AVID, Revised 11/13)

This inspection disclosure concerns the residential property situated in the City of San Jose, County of Santa Clara, State of California, described as 1062 Summerplace Dr  
**Tract No. 6673 Abbreviated Description: City: San Jose TR#: 6673 UNIT 184 City/Twp: SAN JOSE** ("Property").

This Property is a duplex, triplex, or fourplex. This AVID form is for unit # \_\_\_\_\_. Additional AVID forms required for other units.

Inspection Performed By (Real Estate Broker Firm Name) \_\_\_\_\_

**California law requires**, with limited exceptions, that a real estate broker or salesperson (collectively, "Agent") conduct a reasonably competent and diligent **visual** inspection of reasonably and normally accessible areas of certain properties offered for sale and then disclose to the prospective purchaser material facts affecting the value or desirability of that property that the inspection reveals. The duty applies regardless of whom that Agent represents. The duty applies to residential real properties containing one-to-four dwelling units, and manufactured homes (mobilehomes). The duty applies to a stand-alone detached dwelling (whether or not located in a subdivision or a planned development) or to an attached dwelling such as a condominium. The duty also applies to a lease with an option to purchase, a ground lease or a real property sales contract of one of those properties.

**California law does not require** the Agent to inspect the following:

- Areas that are not reasonably and normally accessible
- Areas off site of the property
- Public records or permits
- Common areas of planned developments, condominiums, stock cooperatives and the like.

**Agent Inspection Limitations:** Because the Agent's duty is limited to conducting a reasonably competent and diligent visual inspection of reasonably and normally accessible areas of only the Property being offered for sale, there are several things that the Agent will not do. What follows is a non-exclusive list of examples of limitations on the scope of the Agent's duty.

**Roof and Attic:** Agent will not climb onto a roof or into an attic.

**Interior:** Agent will not move or look under or behind furniture, pictures, wall hangings or floor coverings. Agent will not look up chimneys or into cabinets, or open locked doors.

**Exterior:** Agent will not inspect beneath a house or other structure on the Property, climb up or down a hillside, move or look behind plants, bushes, shrubbery and other vegetation or fences, walls or other barriers.

**Appliances and Systems:** Agent will not operate appliances or systems (such as, but not limited to, electrical, plumbing, pool or spa, heating, cooling, septic, sprinkler, communication, entertainment, well or water) to determine their functionality.

**Size of Property or Improvements:** Agent will not measure square footage of lot or improvements, or identify or locate boundary lines, easements or encroachments.

**Environmental Hazards:** Agent will not determine if the Property has mold, asbestos, lead or lead-based paint, radon, formaldehyde or any other hazardous substance or analyze soil or geologic condition.

**Off-Property Conditions:** By statute, Agent is not obligated to pull permits or inspect public records. Agent will not guarantee views or zoning, identify proposed construction or development or changes or proximity to transportation, schools, or law enforcement.

**Analysis of Agent Disclosures:** For any items disclosed as a result of Agent's visual inspection, or by others, Agent will not provide an analysis of or determine the cause or source of the disclosed matter, nor determine the cost of any possible repair.

**What this means to you:** An Agent's inspection is not intended to take the place of any other type of inspection, nor is it a substitute for a full and complete disclosure by a seller. Regardless of what the Agent's inspection reveals, or what disclosures are made by sellers, California Law specifies that a buyer has a duty to exercise reasonable care to protect himself or herself. This duty encompasses facts which are known to or within the diligent attention and observation of the buyer. Therefore, in order to determine for themselves whether or not the Property meets their needs and intended uses, as well as the cost to remedy any disclosed or discovered defect, **BUYER SHOULD: (1) REVIEW ANY DISCLOSURES OBTAINED FROM SELLER; (2) OBTAIN ADVICE ABOUT, AND INSPECTIONS OF, THE PROPERTY FROM OTHER APPROPRIATE PROFESSIONALS; AND (3) REVIEW ANY FINDINGS OF THOSE PROFESSIONALS WITH THE PERSONS WHO PREPARED THEM. IF BUYER FAILS TO DO SO, BUYER IS ACTING AGAINST THE ADVICE OF BROKER.**

**SELLER PROPERTY QUESTIONNAIRE**  
(C.A.R. Form SPQ, Revised 6/18)

This form is not a substitute for the Real Estate Transfer Disclosure Statement (TDS). It is used by the Seller to provide additional information when a TDS is completed. If Seller is exempt from completing a TDS, Seller should complete an Exempt Seller Disclosure (C.A.R. Form ESD) or may use this form instead.

I. Seller makes the following disclosures with regard to the real property or manufactured home described as  
1062 Summerplace Dr, Assessor's Parcel No. 477-69-320  
situated in Greer, County of \_\_\_\_\_ California ("Property").

II. The following are representations made by the Seller and are not the representations of the Agent(s), if any. This disclosure statement is not a warranty of any kind by the Seller or any agents(s) and is not a substitute for any inspections or warranties the principal(s) may wish to obtain. This disclosure is not intended to be part of the contract between Buyer and Seller. Unless otherwise specified in writing, Broker and any real estate licensee or other person working with or through Broker has not verified information provided by Seller. A real estate broker is qualified to advise on real estate transactions. If Seller or Buyer desires legal advice, they should consult an attorney.

III. Note to Seller: PURPOSE: To tell the Buyer about known material or significant items affecting the value or desirability of the Property and help to eliminate misunderstandings about the condition of the Property.

- Answer based on actual knowledge and recollection at this time.
- Something that you do not consider material or significant may be perceived differently by a Buyer.
- Think about what you would want to know if you were buying the Property today.
- Read the questions carefully and take your time.
- If you do not understand how to answer a question, or what to disclose or how to make a disclosure in response to a question, whether on this form or a TDS, you should consult a real estate attorney in California of your choosing. A broker cannot answer the questions for you or advise you on the legal sufficiency of any answers or disclosures you provide.

IV. Note to Buyer: PURPOSE: To give you more information about known material or significant items affecting the value or desirability of the Property and help to eliminate misunderstandings about the condition of the Property.

- Something that may be material or significant to you may not be perceived the same way by the Seller.
- If something is important to you, be sure to put your concerns and questions in writing (C.A.R. form BMI).
- Sellers can only disclose what they actually know. Seller may not know about all material or significant items.
- Seller's disclosures are not a substitute for your own investigations, personal judgments or common sense.

V. SELLER AWARENESS: For each statement below, answer the question "Are you (Seller) aware of..." by checking either "Yes" or "No." Explain any "Yes" answers in the space provided or attach additional comments and check section VI.

- | A. STATUTORILY OR CONTRACTUALLY REQUIRED OR RELATED:   | ARE YOU (SELLER) AWARE OF...  |
|--|---|
| 1. Within the last 3 years, the death of an occupant of the Property upon the Property .....   | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |
| 2. An Order from a government health official identifying the Property as being contaminated by methamphetamine. (If yes, attach a copy of the Order.) ..... | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |
| 3. The release of an illegal controlled substance on or beneath the Property .....   | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |
| 4. Whether the Property is located in or adjacent to an "industrial use" zone .....  | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |
| (In general, a zone or district allowing manufacturing, commercial or airport uses.)   |   |
| 5. Whether the Property is affected by a nuisance created by an "industrial use" zone. ....  | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |
| 6. Whether the Property is located within 1 mile of a former federal or state ordnance location. ....  | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |
| (In general, an area once used for military training purposes that may contain potentially explosive munitions.)   |   |
| 7. Whether the Property is a condominium or located in a planned unit development or other common interest subdivision. ....                                 | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No |
| 8. Insurance claims affecting the Property within the past 5 years .....   | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |
| 9. Matters affecting title of the Property .....   | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |
| 10. Material facts or defects affecting the Property not otherwise disclosed to Buyer .....  | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |
| 11. Plumbing fixtures on the Property that are non-compliant plumbing fixtures as defined by Civil Code Section 1101.3 .....                                 | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |

Explanation, or  (if checked) see attached; HOA

**B. REPAIRS AND ALTERATIONS:**

**ARE YOU (SELLER) AWARE OF...**

- 1. Any alterations, modifications, replacements, improvements, remodeling or material repairs on the Property (including those resulting from Home Warranty claims) .....  Yes  No
- 2. Any alterations, modifications, replacements, improvements, remodeling, or material repairs to the Property done for the purpose of energy or water efficiency improvement or renewable energy? .....  Yes  No
- 3. Ongoing or recurring maintenance on the Property (for example, drain or sewer clean-out, tree or pest control service) .....  Yes  No
- 4. Any part of the Property being painted within the past 12 months. ....  Yes  No
- 5. Whether the Property was built before 1978. ....  Yes  No
  - (a) If yes, were any renovations (i.e., sanding, cutting, demolition) of lead-based paint surfaces started or completed. ....  Yes  No
  - (b) If yes to (a), were such renovations done in compliance with the Environmental Protection Agency Lead-Based Paint Renovation Rule? .....  Yes  No

Explanation: Painted for cosmetic for selling.

**C. STRUCTURAL, SYSTEMS AND APPLIANCES:**

**ARE YOU (SELLER) AWARE OF...**

- 1. Defects in any of the following, (including past defects that have been repaired): heating, air conditioning, electrical, plumbing (including the presence of polybutylene pipes), water, sewer, waste disposal or septic system, sump pumps, well, roof, gutters, chimney, fireplace, foundation, crawl space, attic, soil, grading, drainage, retaining walls, interior or exterior doors, windows, walls, ceilings, floors or appliances .....  Yes  No
- 2. The leasing of any of the following on or serving the Property: solar system, water softener system, water purifier system, alarm system, or propane tank (s) .....  Yes  No
- 3. An alternative septic system on or serving the Property. ....  Yes  No

Explanation: \_\_\_\_\_

**D. DISASTER RELIEF, INSURANCE OR CIVIL SETTLEMENT:**

**ARE YOU (SELLER) AWARE OF...**

- 1. Financial relief or assistance, insurance or settlement, sought or received, from any federal, state, local or private agency, insurer or private party, by past or present owners of the Property, due to any actual or alleged damage to the Property arising from a flood, earthquake, fire, other disaster, or occurrence or defect, whether or not any money received was actually used to make repairs .....  Yes  No

Explanation: \_\_\_\_\_

**E. WATER-RELATED AND MOLD ISSUES:**

**ARE YOU (SELLER) AWARE OF...**

- 1. Water intrusion into any part of any physical structure on the Property; leaks from or in any appliance, pipe, slab or roof; standing water, drainage, flooding, underground water, moisture, water-related soil settling or slippage, on or affecting the Property .....  Yes  No
- 2. Any problem with or infestation of mold, mildew, fungus or spores, past or present, on or affecting the Property .....  Yes  No
- 3. Rivers, streams, flood channels, underground springs, high water table, floods, or tides, on or affecting the Property or neighborhood .....  Yes  No

Explanation: \_\_\_\_\_

**F. PETS, ANIMALS AND PESTS:**

**ARE YOU (SELLER) AWARE OF...**

- 1. Pets on or in the Property .....  Yes  No
- 2. Problems with livestock, wildlife, insects or pests on or in the Property .....  Yes  No
- 3. Past or present odors, urine, feces, discoloration, stains, spots or damage in the Property, due to any of the above .....  Yes  No
- 4. Past or present treatment or eradication of pests or odors, or repair of damage due to any of the above. ....  Yes  No  
If so, when and by whom \_\_\_\_\_

# WATER-CONSERVING PLUMBING FIXTURES AND CARBON MONOXIDE DETECTOR NOTICE

(C.A.R. Form WCMD, 12/16)

Property Address: 1062 Summerplace Dr, San Jose, CA 95122

## 1. WATER-CONSERVING PLUMBING FIXTURES

### A. INSTALLATION:

**(1) Requirements:** (a) Single-Family Properties. California law (Civil Code §1101.4) requires all single-family residences built on or before January 1, 1994 to be equipped with water-conserving plumbing fixtures after January 1, 2017. (b) Multifamily and Commercial Properties. Civil Code §1101.5 requires all multifamily residential and commercial properties built on or before January 1, 1994 to be equipped with water-conserving plumbing fixtures after January 1, 2019. Additionally, on and after January 1, 2014, a multifamily residential and commercial property built on or before January 1, 1994 that is altered or improved is required to be equipped with water-conserving plumbing fixtures as a condition of final approval if the alteration or improvement increases floor area space by more than 10 percent, or has a cost greater than \$150,000, or for any room in a building which requires a building permit.

**(2) Exceptions:** These requirements do not apply to (i) registered historical sites, (ii) real property for which a licensed plumber certified that, due to the age or configuration of the property or its plumbing, installation of water-conserving plumbing fixtures is not technically feasible, or (iii) a building for which water service is permanently disconnected. Additionally, there is a one-year exemption for any building slated for demolition, and any city or county that has adopted a retrofit requirement prior to 2009 is itself exempt. (Civil Code §§1101.6, 1101.7, and 1101.9.)

**B. Disclosure of Water-Conserving Plumbing Fixtures:** Although the installation of water-conserving plumbing fixtures is not a point of sale requirement, California Civil Code §§1101.4 (single family properties beginning 2017) and 1101.5 (multifamily and commercial properties beginning 2019) require the seller to disclose to the buyer the requirements concerning water-conserving plumbing fixtures and whether the property contains any noncompliant water fixtures.

**C. Noncompliant Water Fixtures:** Noncompliant water fixtures are any of the following: (i) any toilet manufactured to use more than 1.6 gallons of water per flush, (ii) any urinal manufactured to use more than one gallon of water per flush, (iii) any showerhead manufactured to have a flow capacity of more than 2.5 gallons of water per minute, (iv) any interior faucet that emits more than 2.2 gallons of water per minute. (Civil Code §1101.3.) Buyer and Seller are each advised to consult with their own home inspector or contractor to determine if any water fixture is noncompliant.

## 2. CARBON MONOXIDE DETECTORS:

### A. INSTALLATION:

**(1). Requirements:** California law (Health and Safety Code §§13260 to 13263 and 17296 to 17296.2) requires that as of July 1, 2011, all existing single-family dwellings have carbon monoxide detectors installed and that all other types of dwelling units intended for human occupancy have carbon monoxide detectors installed on or before January 1, 2013. The January 1, 2013 requirement applies to a duplex, lodging house, dormitory, hotel, condominium, time-share and apartment, among others.

**(2). Exceptions:** The law does not apply to a dwelling unit which does not have any of the following: a fossil fuel burning heater or appliance, a fireplace, or an attached garage. The law does not apply to dwelling units owned or leased by the State of California, the Regents of the University of California or local government agencies. Aside from these three owner types, there are **no other owner exemptions** from the installation requirement; it applies to all owners of dwellings, be they individual banks, corporations, or other entities. There is no exemption for REO properties.

**B. DISCLOSURE OF CARBON MONOXIDE DETECTORS:** The Health and Safety Code does not require a disclosure regarding the existence of carbon monoxide detectors in a dwelling. However, a seller of residential 1-4 property who is required to complete a Real Estate Transfer Disclosure Statement, (C.A.R. Form TDS) or a Manufactured Home and Mobile home Transfer Disclosure Statement (C.A.R. Form MHTDS) must use section II A of that form to disclose whether or not the dwelling unit has a carbon monoxide detector.

WATER-CONSERVING PLUMBING FIXTURES AND CARBON MONOXIDE DETECTOR NOTICE (WCMD PAGE 1 OF 2)

Property Address: 1062 Summerplace Dr, San Jose, CA 95122

**C. COMPLIANCE WITH INSTALLATION REQUIREMENT:** State building code requires at a minimum, placement of carbon monoxide detectors in applicable properties outside of each sleeping area, and on each floor in a multi-level dwelling but additional or different requirements may apply depending on local building standards and manufacturer instructions. An owner who fails to install a carbon monoxide detector when required by law and continues to fail to install the detector after being given notice by a governmental agency could be liable for a fine of up to \$200 for each violation. A transfer of a property where a seller, as an owner, has not installed carbon monoxide detectors, when required to do so by law, will not be invalidated, but the seller/owner could be subject to damages of up to \$100, plus court costs and attorney fees. Buyer and Seller are each advised to consult with their own home inspector, contractor or building department to determine the exact location for installation of carbon monoxide detectors. Buyer is advised to consult with a professional of Buyer's choosing to determine whether the property has carbon monoxide detector(s) installed as required by law, and if not to discuss with their counsel the potential consequences.

**3. LOCAL REQUIREMENTS:** Some localities maintain their own retrofit or point of sale requirements which may include the requirement that water-conserving plumbing fixtures and/or a carbon monoxide detector be installed prior to a transfer of property. Therefore, it is important to check the local city or county building and safety departments regarding point of sale or retrofit requirements when transferring property.

The undersigned hereby acknowledge(s) receipt of a copy of this Water-Conserving Plumbing Fixtures and Carbon Monoxide Detector Notice.

NOTE: A seller who is not required to provide one of the following statements of compliance is not necessarily exempt from the obligation to provide the other statement of compliance.

**WATER HEATER STATEMENT OF COMPLIANCE**

- STATE LAW:** California Law requires that all new and replacement water heaters and existing residential water heaters be braced, anchored or strapped to resist falling or horizontal displacement due to earthquake motion. "Water heater" means any standard water heater with a capacity of no more than 120 gallons for which a pre-engineered strapping kit is readily available. (Health and Safety Code §19211d). Although not specifically stated, the statute requiring a statement of compliance does not appear to apply to a properly installed and bolted tankless water heater for the following reasons: There is no tank that can overturn; Pre-engineered strapping kits for such devices are not readily available; and Bolting already exists that would help avoid displacement or breakage in the event of an earthquake.
- LOCAL REQUIREMENTS:** Some local ordinances impose more stringent water heater bracing, anchoring or strapping requirements than does California Law. Therefore, it is important to check with local city or county building and safety departments regarding the applicable water heater bracing, anchoring or strapping requirements for your property.
- TRANSFEROR'S WRITTEN STATEMENT:** California Health and Safety Code §19211 requires the seller of any real property containing a water heater to certify, in writing, that the seller is in compliance with California State Law. If the Property is a manufactured or mobile home, Seller shall also file a required Statement with the Department of Housing and Community Development.
- CERTIFICATION:** Seller represents that the Property, as of the Close Of Escrow, will be in compliance with Health and Safety Code §19211 by having the water heater(s) braced, anchored or strapped in place, in accordance with those requirements.

**SMOKE DETECTOR STATEMENT OF COMPLIANCE**

- STATE LAW:** California Law requires that (i) every single-family dwelling and factory built housing unit sold on or after January 1, 1986, must have an operable smoke detector, approved and listed by the State Fire Marshal, installed in accordance with the State Fire Marshal's regulations (Health and Safety Code §13113.8) and (ii) all used manufactured or mobilehomes have an operable smoke detector in each sleeping room.
- LOCAL REQUIREMENTS:** Some local ordinances impose more stringent smoke detector requirements than does California Law. Therefore, it is important to check with local city or county building and safety departments regarding the applicable smoke detector requirements for your property.
- TRANSFEROR'S WRITTEN STATEMENT:** California Health and Safety Code §13113.8(b) requires every transferor of any real property containing a single-family dwelling, whether the transfer is made by sale, exchange, or real property sales contract (installment sales contract), to deliver to the transferee a written statement indicating that the transferor is in compliance with California State Law concerning smoke detectors. If the Property is a manufactured or mobile home, Seller shall also file a required Statement with the Department of Housing and Community Development (HCD).
- EXCEPTIONS:** Generally, a written statement of smoke detector compliance is not required for transactions for which the Seller is exempt from providing a transfer disclosure statement.
- CERTIFICATION:** Seller represents that the Property, as of the Close Of Escrow, will be in compliance with the law by having operable smoke detector(s) (i) approved and listed by the State Fire Marshal installed in accordance with the State Fire Marshal's regulations Health and Safety Code §13113.8 or (ii) in compliance with Manufactured Housing Construction and Safety Act (Health and Safety Code §18029.6) located in each sleeping room for used manufactured or mobilehomes as required by HCD and (iii) in accordance with applicable local ordinance(s).

WHSD REVISED 11/10 (PAGE 1 OF 1)

**WATER HEATER AND SMOKE DETECTOR STATEMENT OF COMPLIANCE (WHSD PAGE 1 OF 1)**

WATER HEATER STATEMENT OF COMPLIANCE (C.A.R. Form WHS, Revised 11/11)

Property Address: 1062 Summerplace Dr, San Jose, CA 95122

WATER HEATER STATEMENT OF COMPLIANCE

- 1. STATE LAW: California Law requires that all new and replacement water heaters and existing residential water heaters be braced, anchored or strapped to resist falling or horizontal displacement due to earthquake motion. "Water heater" means any standard water heater with a capacity of no more than 120 gallons for which a pre-engineered strapping kit is readily available. (Health and Safety Code §19211d). Although not specifically stated, the statute requiring a statement of compliance does not appear to apply to a properly installed and bolted tankless water heater for the following reasons: There is no tank that can overturn; Pre-engineered strapping kits for such devices are not readily available; and Bolting already exists that would help avoid displacement or breakage in the event of an earthquake.
2. LOCAL REQUIREMENTS: Some local ordinances impose more stringent water heater bracing, anchoring or strapping requirements than does California Law. Therefore, it is important to check with local city or county building and safety departments regarding the applicable water heater bracing, anchoring or strapping requirements for your property.
3. TRANSFEROR'S WRITTEN STATEMENT: California Health and Safety Code §19211 requires the seller of any real property containing a water heater to certify, in writing, that the seller is in compliance with California State Law. If the Property is a manufactured or mobile home, Seller shall also file a required Statement with the Department of Housing and Community Development.
4. CERTIFICATION: Seller represents that the Property, as of the Close Of Escrow, will be in compliance with Health and Safety Code §19211 by having the water heater(s) braced, anchored or strapped in place, in accordance with those requirements.

**WIRE FRAUD AND ELECTRONIC FUNDS  
TRANSFER ADVISORY**  
(C.A.R. Form WFA, Revised 12/17)

Property Address: 1062 Summerplace Dr, San Jose, CA 95122 ("Property").

**WIRE FRAUD AND ELECTRONIC FUNDS TRANSFERS ADVISORY:**

The ability to communicate and conduct business electronically is a convenience and reality in nearly all parts of our lives. At the same time, it has provided hackers and scammers new opportunities for their criminal activity. Many businesses have been victimized and the real estate business is no exception.

While wiring or electronically transferring funds is a welcome convenience, we all need to exercise extreme caution. Emails attempting to induce fraudulent wire transfers have been received and have appeared to be legitimate. Reports indicate that some hackers have been able to intercept emailed transfer instructions, obtain account information and, by altering some of the data, redirect the funds to a different account. It also appears that some hackers were able to provide false phone numbers for verifying the wiring or funds transfer instructions. In those cases, the victim called the number provided to confirm the instructions, and then unwittingly authorized a transfer to somewhere or someone other than the intended recipient.

**ACCORDINGLY, YOU ARE ADVISED:**

1. Obtain phone numbers and account numbers only from Escrow Officers, Property Managers, or Landlords at the beginning of the transaction.
2. DO NOT EVER WIRE OR ELECTRONICALLY TRANSFER FUNDS PRIOR TO CALLING TO CONFIRM THE TRANSFER INSTRUCTIONS. ONLY USE A PHONE NUMBER YOU WERE PROVIDED PREVIOUSLY. Do not use any different phone number or account number included in any emailed transfer instructions.
3. Orally confirm the transfer instruction is legitimate and confirm the bank routing number, account numbers and other codes before taking steps to transfer the funds.
4. Avoid sending personal information in emails or texts. Provide such information in person or over the telephone directly to the Escrow Officer, Property Manager, or Landlord.
5. Take steps to secure the system you are using with your email account. These steps include creating strong passwords, using secure WiFi, and not using free services.

If you believe you have received questionable or suspicious wire or funds transfer instructions, immediately notify your bank, and the other party, and the Escrow Office, Landlord, or Property Manager. The sources below, as well as others, can also provide information:

**STATEWIDE BUYER AND SELLER ADVISORY**  
**(This Form Does Not Replace Local Condition Disclosures.**  
**Additional Advisories or Disclosures May Be Attached)**  
(C.A.R. Form SBSA, Revised 6/18)

**BUYER RIGHTS AND DUTIES:**

- The physical condition of the land and improvements being purchased are not guaranteed by Seller or Brokers.
  - You should conduct thorough investigations of the Property both personally and with appropriate professionals.
  - If professionals recommend further inspections, you should contact qualified experts to conduct such inspections.
  - You should retain your own professional even if Seller or Broker has provided you with existing reports.
  - You should read all written reports given to you and discuss those reports with the persons who prepared them. It is possible that different reports provided to you contain conflicting information. If there are discrepancies between reports, disclosures or other information, you are responsible for contacting appropriate professionals to confirm the accuracy of correctness of the reports, disclosures or information.
  - You have the right to request that the Seller make repairs or corrections or take other actions based on inspections or disclosures, but the Seller is not obligated to respond to you or make any such repairs, corrections or other requested actions.
  - If the Seller is unwilling or unable to satisfy your requests, and you act within certain time periods, you may have the right to cancel the Agreement (the Purchase Agreement and any Counter Offer and Addenda together are the "Agreement"). If you cancel outside of these periods, you may be in breach of the Agreement and your deposit might be at risk.
  - You are advised to seek legal, tax, and other assistance from appropriate professionals in order to fully understand the implications of any documents or actions during the transaction. If you are doing a 1031 exchange, you are advised to contact an exchange accommodator to discuss the proper method and timing of the exchange.
  - The terms of the Agreement and any counter offers and addenda establish your rights and responsibilities.
- YOU ARE STRONGLY ADVISED TO INVESTIGATE THE CONDITION AND SUITABILITY OF ALL ASPECTS OF THE PROPERTY. IF YOU DO NOT DO SO, YOU ARE ACTING AGAINST THE ADVICE OF BROKERS.**

**SELLER RIGHTS AND DUTIES:**

- You have a duty to disclose material facts known to you that affect the value or desirability of the Property.
- You are obligated to make the Property available to the Buyer and have utilities on for inspections as allowed by the Agreement.
- This form is not a substitute for completing a Real Estate Transfer Disclosure Statement, if required, and any other property-specific questionnaires or disclosures.
- The terms of the Agreement establish your rights and responsibilities.
- You are advised to seek legal, tax, and other assistance from appropriate professionals in order to fully understand the implications of any documents or actions during the transaction. If you are doing a 1031 exchange, you are advised to contact an exchange accommodator to discuss the proper method and timing of the exchange.

**BROKER RIGHTS AND DUTIES:**

- Brokers do not have expertise in all areas and matters affecting the Property or your evaluation of it.
- For most sales of residential properties with no more than four units, Brokers have a duty to make a reasonably competent and diligent visual inspection of the accessible areas of the Property and disclose to you material facts or defects that the inspection reveals.
- Many defects and conditions may not be discoverable by a Broker's visual inspection.
- If Brokers give a referral to another professional, Brokers do not guarantee that person's performance. You may select any professional of your own choosing.
- If a Broker gives you reports or other documents, unless otherwise specified, it is possible that different reports provided to you contain conflicting information. Broker has not and will not verify or otherwise investigate the information contained therein.
- Any written agreement between a Broker and either Buyer or Seller or both establishes the rights and responsibilities of those parties.

## Table of Contents

Notice: This Statewide Buyer and Seller Advisory is 14 pages and addresses the following topics. All paragraphs are important. Buyer and Seller are encouraged to read each one carefully.

<b>A. Investigation of Physical Conditions</b>  (Pages 2-5)	1. Easements, Access and Encroachments, 2. Environmental Hazards, 3. Formaldehyde, 4. Geologic Hazards, 5. Inspections, 6. Mold, 7. Pets and Animals, 8. Septic Systems, 9. Soil and Geologic Conditions, 10. Square Footage, Lot Size, Boundaries and Surveys, 11. Water Intrusion, 12. Well and Water System(s), 13. Wood Destroying Pests
<b>B. Property Use and Ownership</b>  (Pages 5-8)	1. Accessory Dwelling Units, 2. Building Permits, Zoning and Code Compliance, 3. Buyer Intended Future Use, 4. California Fair Plan, 5. Future Repairs, Replacements and Remodels, 6. Heating Ventilating and Air Conditioning Systems, 7. Historical Designation, Coastal Commission, Architectural, Landscape, Agricultural or Open Space and Other Restrictions on Buildings or Improvements, 8. Insurance, Title Insurance and Title Insurance After Foreclosure, 9. Land Lease, 10. Marijuana and Methamphetamine Labs, 11. Owner's Title Insurance, 12. Rent and Eviction Control Laws and Ordinances, 13. Retrofit, Building Requirements, and Point of Sale Requirements, 14. Short Term Rentals and Restrictions, 15. Views, 16. Swimming Pool, Security and Safety, 17. Water Shortages and Conservation, 18. 1915 Improvement Bond Mello-Roos Community District, and Other Assessment Districts
<b>C. Off-Site and Neighborhood Conditions</b>  (Pages 8-9)	1. Golf Course Disclosures, 2. Neighborhood, Area, Personal Factors, Buyer Intended Use, High Speed Rails, and Smoking Restrictions, 3. Neighborhood Noise Sources, 4. Schools, 5. Underground Pipelines and Utilities
<b>D. Legal Requirements (Federal, State and Local)</b>  (Pages 9-11)	1. Death on the Property, 2. Earthquake Fault Zones and Seismic Hazard Zones, 3. EPA's Lead-Based Paint Renovation, Repair and Painting Rule, 4. Fire Hazards, 5. FIRPTA/California Withholding, 6. Flood Hazards 7. Megan's Law Database Disclosure, 8. Property Tax Bill Supplemental Notice; Accurate Sales Price Reporting, 9. Zone Maps May Change
<b>E. Contract Related Issues and Terms</b>  (Pages 11-12)	1. Arbitration, 2. Electronic Signatures, 3. Escrow Funds, 4. Home Warranty 5. Identification of Natural Persons Behind Shell Companies in All-Cash Transactions, 6. Liquidated Damages, 7. Mediation, 8. Non-Confidentiality of Offers, 9. Online or Wire Funds Transfers
<b>F. Other Factors Affecting Property</b>  (Pages 12-14)	1. Community Enhancement and Private Transfer Fees, 2. General Recall/Defective Product/Class Action Information, 3. Homeowner Associations and Covenants, Conditions and Restrictions ("CC&Rs"); Charging Stations; FHA/VA Approval, 4. Legal Action, 5. Marketing; Internet Advertising; Internet Blogs; Social Media, 6. PACE Loans and Liens, 7. Re-Keying, 8. Solar Panel Leases 9. Recording Devices
<b>G. Local Disclosures and Advisories</b>  (Page 14)	As may be attached.

## A. Investigation of Physical Conditions

**1. EASEMENTS, ACCESS AND ENCROACHMENTS:** Buyer and Seller are advised that confirming the exact location of easements, shared or private driveways or roadways, and encroachments on or to the Property may be possible only by conducting a survey. There may be unrecorded easements, access rights, encroachments and other agreements affecting the Property that may not be disclosed by a survey. Representations regarding these items that are made in a Multiple Listing Service or advertisements, or plotted by a title company are often approximations, or based upon inaccurate or incomplete records. Unless otherwise specified by Broker in writing, Brokers have not verified any such matters or any representations made by Seller(s) or others. If Buyer wants further information, Buyer is advised and Broker(s) recommend that Buyer hire a licensed surveyor during Buyer's inspection contingency period. Brokers do not have expertise in this area.

EQUAL HOUSING OPPORTUNITY

**2. ENVIRONMENTAL HAZARDS:** Buyer and Seller are advised that the presence of certain kinds of organisms, toxins and contaminants, including, but not limited to, mold (airborne, toxic or otherwise), fungi, mildew, lead-based paint and other lead contamination, asbestos, formaldehyde, radon, pcb's, methane, other gases, fuel oil or chemical storage tanks, contaminated soil or water, hazardous waste, waste disposal sites, electromagnetic fields, nuclear sources, urea formaldehyde, or other materials may adversely affect the Property and the health of individuals who live on or work at the property as well as pets. Some municipalities may impose additional requirements regarding underground storage tanks, which may be more common in certain areas and cities throughout the State, especially where there are larger, older homes built before 1935. It is possible that these tanks, either now or in the future, may require inspections or abatement. If Buyer wants further information, Buyer is advised, and Broker(s) recommends, that Buyer have the Property inspected for the existence of such conditions and organisms, and conditions that may lead to their formation. Not all inspectors are licensed and licenses are not available for all types of inspection activities. Buyer is also advised to consult with appropriate experts regarding this topic during Buyer's inspection contingency period. Broker recommends that Buyer and Seller read the booklets titled, "Residential Environmental Hazards: A Guide for Homeowners, Homebuyers, Landlords and Tenants," and "Protect Your Family From Lead In Your Home." Brokers do not have expertise in this area.

**3. FORMALDEHYDE:** Formaldehyde is a substance known to the State of California to cause cancer. Exposure to formaldehyde may be caused by materials used in the construction of homes. The United States Environmental Protection Agency, the California Air Resources Board, and other agencies have measured the presence of formaldehyde in the indoor air of select homes in California. Levels of formaldehyde that present a significant cancer risk have been measured in most homes that were tested. Formaldehyde is present in the air because it is emitted by a variety of building materials and home products used in construction. The materials include carpeting, pressed wood products, insulation, plastics, and glues. Most homes that have been tested elsewhere do contain formaldehyde, although the concentrations vary from home to home with no obvious explanation for the differences. One of the problems is that many suppliers of building materials and home products do not provide information on chemical ingredients to builders. Buyers may have further questions about these issues. Buyer is advised to consult with appropriate experts regarding this topic during Buyer's inspection contingency period. Broker(s) recommend that Buyer and Seller read the booklet titled "Residential Environmental Hazards: A Guide for Homeowners, Homebuyers, Landlords and Tenants." Brokers do not have expertise in this area.

**4. GEOLOGIC HAZARDS:** Buyer and Seller are advised that California has experienced earthquakes in the past, and there is always a potential of future earthquakes. Damage caused by an earthquake may not be discoverable by a visual inspection of Buyer(s) or Broker(s). Inspection by a licensed, qualified professional is strongly recommended to determine the structural integrity and safety of all structures and improvements on the Property. If the Property is a condominium, or located in a planned unit development or in a common interest subdivision, Buyer is advised to contact the homeowners association about earthquake repairs and retrofit work and the possibility of an increased or special assessment to defray the costs of earthquake repairs or retrofit work. Buyer is encouraged to obtain and read the booklet entitled, "The Homeowner's Guide to Earthquake Safety." In most cases a questionnaire within the booklet must be completed by Seller and the entire booklet given to the Buyer if the Property was built prior to 1960. If the Property was built before 1975, and contains structures constructed of masonry or precast (tilt up) concrete walls, with wood frame floors or roof, or if the building has unreinforced masonry walls, then Seller must provide Buyer a pamphlet entitled "The Commercial Property Owner's Guide to Earthquake Safety." Many areas have a wide range of geologic problems and numerous studies have been made of these conditions. Some of this information is available for public review at city and county planning departments. Buyer is encouraged to review the public maps and reports and/or obtain a geologist's inspection report. Buyer may be able to obtain earthquake insurance to protect their interest in the Property. Sellers who agree to provide financing should also consider requiring Buyers to obtain such insurance naming Seller(s) as insured lien holder(s). Brokers do not have expertise in this area.

**5. INSPECTIONS:** Buyer and Seller are advised that Buyer has the right to obtain various inspections of the Property under most residential purchase agreements. Buyer is advised to have the Property inspected by a professional property inspection service within Buyer's inspection contingency period. A licensed building contractor or other professional may perform these services. The inspector generally does not look behind walls or under carpets, or take equipment apart. Certain items on the Property, such as chimneys and spark arresters, plumbing, heating, air conditioning, electrical wiring, pool and spa, septic system, well, roof, foundation and structural items may need to be inspected by another professional, such as a chimney sweep, plumber, electrician, pool and spa service, septic or well company or roofer. A general physical inspection typically will not test for mold, wood destroying pests, lead-based paint, radon, asbestos and other environmental hazards, geologic conditions, age, remaining useful life or water-tightness of roof, cracks, leaks or operational problems associated with a pool or spa or connection of the Property to a sewer system. If Buyer wants further information on any aspect of the Property, Broker recommends that Buyer have a discussion with the professional property inspector and that Buyer hire an appropriate professional for the area of concern to Buyer. Brokers do not verify the results of any such inspection or guarantee the performance of any such inspector or service. Any election by Buyer to waive the right to a physical inspection of the Property or to rely on somebody other than an appropriate professional is against the advice of Brokers. Not all inspectors are licensed and licenses are not available for all types of inspection activities. Brokers do not have expertise in these area.

**6. MOLD:** Buyer and Seller are advised that the presence of certain kinds of mold, fungi, mildew and other organisms, sometimes referred to as "toxic mold" (collectively "Mold"), may adversely affect the Property and the health of individuals who live on or work at the Property as well as pets. Mold does not affect all people the same way, and may not affect some people at all. Mold may be caused by water leaks or other sources of moisture such as, but not limited to, flooding, and leaks in windows, pipes and roof. Seller is advised to disclose the existence of any such conditions of which he or she is aware. Buyer should carefully review all of Seller's disclosures for any indication that any of these conditions exist. It is, however, possible that Mold may be hidden and that Seller is completely unaware of its existence. In addition, Mold is often undetectable from a visual inspection, a professional general property inspection and even a structural pest control inspection. Brokers do not have expertise in this area. If Buyer wants further information, Broker recommends that Buyer have the Property tested for Mold by an environmental hygienist or other appropriate professional during Buyer's inspection contingency period. Not all inspectors are licensed and licenses are not available for all types of inspection activities. Brokers do not have expertise in this area.

**7. PETS AND ANIMALS:** Buyer and Seller are advised that the current or previous owner(s) may have had domesticated or other pets and animals at the Property. Odors from animal urine or other contamination may be dormant for long periods of time and then become active because of heat, humidity or other factors and might not be eliminated by cleaning or replacing carpets or other cleaning methods. Pet urine and feces can also damage hardwood floors and other floor coverings. Additionally, an animal may have had fleas, ticks and other pests that remain on the Property after the animal has been removed. If Buyer wants further information, Broker(s) recommend that Buyer discuss the issue with an appropriate professional during Buyer's inspection contingency period. Brokers do not have expertise in this area.

**8. SEPTIC SYSTEMS:** Buyer and Seller are advised that a property may be served by one or more septic systems even though adjoining properties are connected to a sewer line. Buyer and Seller are also advised that some septic tanks and systems may have been abandoned or have leaked into ground water sources. Buyer is advised to contact the appropriate government agency to verify that the Property is connected to a sewer or served by a septic system. If the Property is served by a septic system, it may consist of a septic tank, cesspool, pits, leach lines or a combination of such mechanisms ("collectively, System"). No representation or warranty is made by Seller or Broker concerning the condition, operability, size, capacity or future expansion of a System, nor whether a System is adequate for use by the intended occupants of the Property. A change in the number of occupants or the quantity, composition or methods of depositing waste may affect the efficiency of the System. In addition, the amount of rainfall and ground water table may also affect the efficiency of the System. Many factors including, but not limited to, natural forces, age, deterioration of materials and the load imposed on a System can cause the System to fail at any time. Broker recommends that Buyer obtain an independent evaluation of any System by a qualified sanitation professional during Buyer's inspection contingency period. Buyer should consult with their sanitation professional to determine if their report includes the tank only, or other additional components of the System such as pits and leach fields. Not all inspectors are licensed and licenses are not available for all types of inspection activities. In some cases, Buyer's lender as well as local government agencies may require System inspection. System-related maintenance costs may include, but not be limited to, locating, pumping or providing outlets to ground level. Brokers are unable to advise Buyer or Seller regarding System-related issues or associated costs, which may be significant. If Buyer and Seller agree to obtain a System inspection, Buyer and Seller are cautioned that the inspection cost may include, but not be limited to, the costs of locating, pumping or providing outlets to ground level. Brokers do not have expertise in this area.

**9. SOIL AND GEOLOGIC CONDITIONS:** Buyer and Seller are advised that real estate in California is subject to settling, slippage, contraction, expansion erosion, subsidence, earthquakes and other land movement. The Property may be constructed on fill or improperly compacted soil and may have inadequate drainage capability. Any of these matters can cause structural problems to improvements on the Property. Civil or geo-technical engineers are best suited to evaluate soil stability, grading, drainage and other soil conditions. Additionally, the Property may contain known or unknown mines, mills, caves or wells. If Buyer wants further information, Broker recommends that Buyer hire an appropriate professional. Not all inspectors are licensed and licenses are not available for all types of inspections. Brokers do not have expertise in this area.

**10. SQUARE FOOTAGE, LOT SIZE, BOUNDARIES AND SURVEYS:** Buyer and Seller are advised that only an appraiser or land surveyor, as applicable, can reliably confirm square footage, lot size, Property corners and exact boundaries of the Property. Representations regarding these items that are made in a Multiple Listing Service, advertisements, and from property tax assessor records are often approximations, or based upon inaccurate or incomplete records. Fences, hedges, walls or other barriers may not represent actual boundary lines. Unless otherwise specified by Broker in writing, Brokers have not verified any such boundary lines or any representations made by Seller or others concerning square footage, lot size, Property corners or exact boundaries. Standard title insurance does not insure the boundaries of the Property. If the exact square footage or lot size or location of Property corners or boundaries is an important consideration in Buyer's decision to purchase the Property and/or how much Buyer is willing to pay for the Property, then Buyer must independently conduct Buyer's own investigation through appropriate professionals, appraisers, or licensed surveyors and rely solely on their data, recognizing that all measurements may not be consistent and that different sources may have different size assessments. Brokers do not have expertise in this area.

**11. WATER INTRUSION:** Buyer and Seller are advised that many homes suffer from water intrusion or leakage. The causes of water intrusion are varied, and can include defective construction, faulty grading, deterioration of building materials and absence of waterproof barriers. Water intrusion can cause serious damage to the Property. This damage can consist of wood rot, mold, mildew and even damage to the structural integrity of the Property. The cost of repairing and remediating water intrusion damage and its causes can be very significant. The existence and cause of water intrusion is often difficult to detect. Because you, your Broker or a general home inspector cannot visually observe any effects of water intrusion, Buyer and Seller should not assume that such intrusion does not exist. Broker recommends that Buyer have the Property inspected for water intrusion by an appropriate professional. Brokers do not have expertise in this area.

**12. WELL AND WATER SYSTEM(S):** Buyer and Seller are advised that the Property may be served by one or more water wells, springs, or private community or public water systems. Any of these private or public water systems may contain bacteria, chemicals, minerals and metals, such as chromium. Well(s) may have been abandoned on the Property. Buyer is advised to have both the quality and the quantity of water evaluated, and to obtain an analysis of the quality of any domestic and agricultural water in use, or to be used at the Property, from whatever source. Water quality tests can include not only tests for bacteria, such as coliform, but also tests for organic and inorganic chemicals, metals, mineral content and gross alpha testing for radioactivity. Broker recommends that Buyer consult with a licensed, qualified well and pump company and local government agency to determine whether any well/spring or water system will adequately serve Buyer's intended use and that Buyer have a well consultant perform an extended well output test for this purpose. Water well or spring capacity, quantity output and quality may change at any time. There are no guarantees as to the future water quality, quantity or duration of any well or spring. If Buyer wants further information, Broker(s) recommend that Buyer obtain an inspection of the condition, age, adequacy and performance of all components of the well/spring and any water system during Buyer's inspection contingency period. Brokers do not have expertise in this area.

**13. WOOD DESTROYING PESTS:** Buyer and Seller are advised that the presence of, or conditions likely to lead to the presence of infestation or infection of wood destroying pests and organisms may adversely affect the Property. Inspection reports covering these items can be separated into two sections: Section 1 identifies areas where infestation or infection is evident. Section 2 identifies areas where there are conditions likely to lead to infestation or infection. If Buyer wants further information, Buyer is advised and Broker recommends that Buyer have the Property inspected for the existence of such conditions and organisms, and conditions that may lead to their formation, by a registered structural pest control company during Buyer's inspection contingency period. Brokers do not have expertise in this area.

## B. Property Use and Ownership

**1. ACCESSORY DWELLING UNITS:** Accessory Dwelling Units (ADUs) are known by many names: granny flats, in-law units, backyard cottages, secondary units and more. California has passed laws to promote the development of ADUs. Additional information about ADUs can be found at <http://hcd.ca.gov/policy-research/AccessoryDwellingUnits.shtml>. Buyer is advised to check with appropriate government agencies or third party professionals to verify permits and legal requirements and the effect of such requirements on current and future use and rentability of the Property, its development and size. Brokers do not have expertise in this area.

**2. BUILDING PERMITS, ZONING AND CODE COMPLIANCE:** Buyer and Seller are advised that any structure on the Property, including the original structure and any addition, modification, remodel or improvement may have been built without permits, not according to building codes, or in violation of zoning laws. Further, even if such structure was built according to the then-existing code or zoning requirement, it may not be in compliance with current building standards or local zoning. It is also possible that local law may not permit structures that now exist to be rebuilt in the event of damage or destruction. Certain governmental agencies may require periodic inspections to occur in the future. If Buyer wants further information, Broker(s) recommend that Buyer discuss the issue with an appropriate professional during Buyer's inspection contingency period. Brokers do not have expertise in this area.

**3. BUYER INTENDED FUTURE USE OF, AND MODIFICATIONS TO, THE PROPERTY:** Buyer and Seller are advised that Seller's existing use of the property may not be consistent with Buyer's intended use or any future use that Buyer makes of the property, whether or not Buyer has any current plans to change the use. Buyer is advised to check with appropriate government agencies or third party professionals to verify what legal requirements are needed to accommodate any change in use. In addition, neither Seller nor Broker make any representations as to what modifications Buyer can make to the Property after close of escrow as well as any cost factors associated with any such modifications. Buyer is advised to check with his own licensed contractor and other such professionals as well as with the appropriate government agencies to determine what modifications Buyer will be allowed to make after close of escrow. Brokers do not have expertise in this area.

**4. CALIFORNIA FAIR PLAN:** Buyer and Seller are advised that insurance for certain hillside, oceanfront and brush properties may be available only from the California Fair Plan. This may increase the cost of insurance for such properties and coverage may be limited. Broker(s) recommend that Buyer consult with Buyer's own insurance agent during Buyer's inspection contingency period regarding the availability of coverage under the California Fair Plan and the length of time it may take for processing of a California Fair Plan application. Brokers do not have expertise in this area.

**5. FUTURE REPAIRS, REPLACEMENTS AND REMODELS:** Buyer and Seller are advised that replacement or repairs of certain systems or rebuilding or remodeling of all or a portion of the Property may trigger requirements that homeowners comply with laws and regulations that either come into effect after Close of Escrow or are not required to be complied with until the replacement, repair, rebuild or remodel has occurred. Permit or code requirements or building standards may change after Close of Escrow, resulting in increasing costs to repair existing features. If Buyer wants further information, Broker recommends that Buyer discuss the issue with an appropriate professional during Buyer's inspection contingency period. Brokers do not have expertise in this area.

**6. HEATING VENTILATING AND AIR CONDITIONING SYSTEMS:** Changes to state and federal energy efficiency regulations impact the installation, replacement and some repairs of heating and air conditioning units (HVAC). Federal regulations now require manufacturers of HVAC units to produce only units meeting a new higher Seasonal Energy Efficiency Rating (SEER). This will likely impact repairs and replacements of existing HVAC units. State regulations now require that when installing or replacing HVAC units, with some exceptions, duct work must be tested for leaks. Duct work leaking more than 15 percent must be repaired to reduce leaks. The average existing duct work typically leaks 30 percent. More information is available at the California Energy Commission's website <http://www.energy.ca.gov/title24/changeout>. Home warranty policies may not cover such inspections or repairs. The phase out of the use of R-22 Freon will have an impact on repairs and replacement of existing air conditioning units and heat pumps. More information is available from the Environmental Protection Agency at <http://www.epa.gov/ozone/title6/phaseout/22phaseout.html>. New efficiency standards are also in place for water heaters. As a consequence, replacement water heaters will generally be larger than existing units and may not fit in the existing space. Additional venting and other modifications may be required as well. More information is available from the U.S. Department of Energy at [http://www1.eere.energy.gov/buildings/appliance\\_standards/product.aspx/productid/27](http://www1.eere.energy.gov/buildings/appliance_standards/product.aspx/productid/27). If Buyer wants further information, Broker recommends that Buyer discuss the issue with an appropriate professional during Buyer's inspection contingency period. Brokers do not have expertise in this area.

**7. HISTORICAL DESIGNATION, COASTAL COMMISSION, ARCHITECTURAL, LANDSCAPE, AGRICULTURAL OR OPEN SPACE AND OTHER RESTRICTIONS ON BUILDINGS OR IMPROVEMENTS:** Buyer and Seller are advised that the Property may be: (i) designated as a historical landmark, (ii) protected by a historical conservancy, (iii) subject to an architectural or landscaping review process, (iv) within the jurisdiction of the California Coastal Commission or other government agency, or (v) subject to a contract preserving use of all or part of the Property for agriculture or open space. If the Property is so designated or within the jurisdiction of any such, or similar, government agency, then there may be restrictions or requirements regarding Buyer's ability to develop, remove or trim trees or other landscaping, remodel, make improvements to and build on or rebuild the Property. Broker(s) recommend that Buyer satisfy him/herself during Buyer's inspection contingency period if any of these issues are of concern to Buyer. Brokers do not have expertise in this area.

**8. INSURANCE, TITLE INSURANCE AND TITLE INSURANCE AFTER FORECLOSURE:** Buyer and Seller are advised that Buyer may have difficulty obtaining insurance regarding the Property if there has been a prior insurance claim affecting the Property or made by Buyer but unrelated to the Property. Seller is required by C.A.R. Form RPA to disclose known insurance claims made during the past five years (C.A.R. Form SPQ or ESD). Sellers may not be aware of claims prior to their ownership. If Buyer wants further information, Broker(s) recommend that, during Buyer's inspection contingency period, Buyer conduct his or her own investigation for past claims. Buyer may need to obtain Seller's consent in order to have access to certain investigation reports. If the Property is a condominium, or is located in a planned unit development or other common interest subdivision, Buyer and Seller are advised to determine if the individual unit is covered by the Homeowner's Association Insurance and the type of insurance coverage that Buyer may purchase. Broker(s) recommend that Buyer consult Buyer's insurance agents during Buyer's inspection contingency period to determine the need, availability and possibility of securing any and all forms of other insurance or coverage or any conditions imposed by insurer as a requirement of issuing insurance. If Buyer does any repairs to the property during the escrow period or Buyer takes possession prior to Close of Escrow or Seller remains in possession after Close of Escrow, whether for a limited or extended period of time, Broker(s) recommend that Buyer and Seller each consult with their own insurance agent regarding insurance or coverage that could protect them in the transaction (including but not limited to: personal property, flood, earthquake, umbrella and renter's). Buyer and Seller are advised that traditional title insurance generally protects Buyer's title acquired through the sale of the property. While all title insurance policies, as do all insurance policies, contain some exclusions, some title insurance policies contain exclusions for any liability arising from a previous foreclosure. This can occur when a short sale has occurred but the lender mistakenly has also proceeded with a foreclosure. Buyer is strongly advised to consult with a title insurer to satisfy themselves that the policy to be provided adequately protects their title to the property against other possible claimants. Brokers do not have expertise in this area.

**9. LAND LEASE:** Buyer and Seller are advised that certain developments are built on leased land. This means that: (i) Buyer does not own the land, (ii) the right to occupy the land will terminate at some point in time, (iii) the cost to lease the land may increase at some point in the future, and (iv) Buyer may not be able to obtain title insurance or may have to obtain a different type of title insurance. If Buyer wants further information, Broker recommends that Buyer discuss the issue with an attorney or other appropriate professional. Brokers do not have expertise in this area.

**10. MARIJUANA, CANNABIS, AND METHAMPHETAMINE LABS:** Buyer and Seller are advised that California law permits individual patients to cultivate, possess and use marijuana for medical purposes. Furthermore, California law permits primary caregivers, lawfully organized cooperatives, and collectives to cultivate, distribute and possess marijuana for medicinal purposes. California law also allows recreational use of marijuana for adults, as well as limited rights for individuals to grow and cultivate marijuana, and rights of others, subject to a licensing process, to grow, cultivate and distribute marijuana for recreational use. California's medical and recreational marijuana laws are in direct conflict with federal law which recognizes no lawful use for marijuana and has no exemptions for medical use. Federal criminal penalties, some of which mandate prison time, remain in effect for the possession, cultivation and distribution of marijuana. Buyer and Seller are strongly advised to seek legal counsel as to the legal risks and issues surrounding owning or purchasing a property where medical or any other marijuana activity is taking place. Marijuana storage, cultivation and processing carry the risk of causing mold, fungus or moisture damage to a property, additionally, some properties where marijuana has been cultivated have had alterations to the structure or the electrical system which may not have been done to code or with permits and may affect the safety of the structure or the safe operation of the electrical system. Buyer is strongly advised to retain an environmental hygienist contractor and other appropriate professionals to inspect a property where medical or any other marijuana activity has taken place. Broker recommends that Buyer and Seller involved with a property where there is medical marijuana activity or where it may take place review the California Attorney General's Guidelines for the "Security and Non-Diversion of Marijuana Grown for Medical Use" ([https://oag.ca.gov/system/files/attachments/press\\_releases/n1601\\_medicalmarijuanaguidelines.pdf](https://oag.ca.gov/system/files/attachments/press_releases/n1601_medicalmarijuanaguidelines.pdf)) and the U.S. Department of Justice memo regarding marijuana prosecutions at <https://www.justice.gov/opa/press-release/file/1022196/download>. Brokers do not have expertise in this area. While no state law permits the private production of methamphetamine, some properties have been the site of an illegal methamphetamine laboratory. State law imposes an obligation to notify occupants, a ban on occupying the property and clean up requirements when authorities identify a property as being contaminated by methamphetamine. Buyer is advised that a property where methamphetamine has been produced may pose a very serious health risk to occupants. Buyer is strongly advised to retain an environmental hygienist contractor or other appropriate professionals to inspect the property if methamphetamine production is suspected to have taken place. Brokers do not have expertise in this area.

**11. OWNER'S TITLE INSURANCE:** The Truth in Lending/RESPA integrated disclosure (TRID) established by the Consumer Financial Protection Bureau (CFPB) requires that lenders must tell borrowers that title insurance is "optional." While obtaining an owner's policy of title insurance may be "optional", it may be a contractual requirement as between Buyer and Seller. Furthermore, California Civil Code § 1057.6 requires that Buyers be provided with the following notice: "IMPORTANT: IN A PURCHASE OR EXCHANGE OF REAL PROPERTY, IT MAY BE ADVISABLE TO OBTAIN TITLE INSURANCE IN CONNECTION WITH THE CLOSE OF ESCROW SINCE THERE MAY BE PRIOR RECORDED LIENS AND ENCUMBRANCES WHICH AFFECT YOUR INTEREST IN THE PROPERTY BEING ACQUIRED. A NEW POLICY OF TITLE INSURANCE SHOULD BE OBTAINED IN ORDER TO ENSURE YOUR INTEREST IN THE PROPERTY THAT YOU ARE ACQUIRING."

Additionally, even the CFPB on its "ask CFPB" "What is owner's title insurance?" page advises "You may want to buy an owner's title insurance policy, which can help protect your financial interest in the home." Moreover, not obtaining an owner's policy may increase the cost of the lender's policy (required by most lenders), possibly require the separate purchase of a preliminary title report, and may have an impact on the sale of the Property in the future.

Buyers who decide to opt out of obtaining an owner's title insurance policy are acting against the advice of Brokers as well as the advice provided in the California Civil Code 1057.6 and by the CFPB. Brokers do not have expertise in this area.

**12. RENT AND EVICTION CONTROL LAWS AND ORDINANCES:** Buyer and Seller are advised that some cities and counties impose or may impose restrictions that limit the rent that can be charged to a tenant, the maximum number of tenants who can occupy the property, the right of a landlord to terminate a tenancy and the costs to do so. If Buyer wants further information, Broker(s) recommend that Buyer investigate the issue with an appropriate government authority or HOA during Buyer's inspection contingency period. Brokers do not have expertise in this area.

**13. RETROFIT, BUILDING REQUIREMENTS, AND POINT OF SALE REQUIREMENTS:** Buyer and Seller are advised that state and local Law may require (i) the installation of operable smoke detectors, (ii) bracing or strapping of water heaters, and (iii) upon sale completion of a corresponding written statement of compliance that is delivered to Buyer. Although not a point of sale or retrofit obligation, state law may require the property to have operable carbon monoxide detection devices. Additionally, some city and county governments may impose additional retrofit standards at time of sale including, but not limited to, installing or retrofitting low-flow toilets and showerheads, gas shut-off valves, fireplaces, and tempered glass. Further, there may be potential health impacts from air pollution caused from burning wood. Exposure to particulate matter from the smoke may cause short-term and long-term health effects. Buyers should consult with licensed professional to inspect, properly maintain, and operate a wood burning stove or fireplace. Broker(s) recommend that Buyer and Seller consult with the appropriate government agencies, inspectors, and other professionals to determine the retrofit standards for the Property, the extent to which the Property complies with such standards, and the costs, if any, of compliance. Brokers do not have expertise in this area.

**14. SHORT TERM RENTALS AND RESTRICTIONS:** Buyer and Seller are advised that some cities, counties and Homeowner Associations (HOAs) do impose or may impose restrictions that limit or prohibit the right of the owner or occupant to rent-out the Property for short periods of time (usually 30 Days or less). In short term rentals, as well as all rentals, Buyer and Seller are advised to seek assistance to ensure compliance with all fair housing laws and regulations. If Buyer wants further information, Broker(s) recommend that Buyer investigate the issue with an appropriate government authority or HOA during Buyer's inspection contingency period. Brokers do not have expertise in this area.

**15. VIEWS:** Buyer and Seller are advised that present views from the Property may be affected by future development or growth of trees and vegetation on adjacent properties and any other property within the line of sight of the Property. Brokers make no representation regarding the preservation of existing views. If Buyer wants further information, Broker(s) recommend that Buyer review covenants, conditions and restrictions, if any, and contact neighboring property owners, government agencies and homeowner associations, if any, during Buyer's inspection contingency period. Brokers do not have expertise in this area.

**16. SWIMMING POOL, SECURITY AND SAFETY:** Buyer and Seller are advised that state and local Law may require the installation of barriers, anti-entrapment grates, access alarms, self-latching mechanisms, pool covers, exit alarms and/or other measures to decrease the risk to children and other persons of existing swimming pools and hot tubs, as well as various fire safety and other measures concerning other features of the Property. Compliance requirements differ from city to city and county to county. Unless specifically agreed, the Property may not be in compliance with these requirements. If Buyer wants further information, Broker(s) recommend that Buyer contact local government agencies about these restrictions and other requirements. State law requires that new pools and spas be equipped with at least two of seven specified drowning prevention safety features. Home inspectors have a statutory obligation to perform a non-invasive physical examination of the pool area to identify which safety features are present. Brokers do not have expertise in this area.

**17. WATER SHORTAGES AND CONSERVATION:** Buyer and Seller are advised that the Property may be located in an area that could experience water shortages. The policies of local water districts and the city or county in which the Property is located can result in the occurrence of any or all of the following: (i) limitations on the amount of water available to the Property, (ii) restrictions on the use of water, and (iii) an increasingly graduated cost per unit of water use, including, but not limited to, penalties for excess usage. For further information, Broker recommends that Buyer contact the supplier of water to the Property regarding the supplier's current or anticipated policies on water usage and to determine the extent to which those policies may affect Buyer's intended use of the Property. If the Property is serviced by a private well, Buyer is advised that drought conditions and/or a low water table may make it necessary to arrange, through a private supplier, for delivery of water to the Property. Buyers should contact water truck companies for the costs involved. Brokers do not have expertise in this area.

**18. 1915 IMPROVEMENT BOND MELLO-ROOS COMMUNITY DISTRICT, AND OTHER ASSESSMENT DISTRICTS:** Buyer and Seller are advised that the Property may be subject to an improvement bond assessment under the Improvement Bond Act of 1915, a levy of a special tax pursuant to a Mello-Roos Community Facilities district, and/or a contractual assessment as provided in Section 5898.24 of the Streets And Highways Code or other assessment districts. Seller is generally required to make a good faith effort to obtain a disclosure notice from any local agency collecting such taxes and deliver such notice to Buyers. If there is a question as to whether an existing bond or assessment will be prorated as of the close of escrow, or whether Seller will pay off the bond or assessment at close of escrow, Buyers are advised to discuss the matter with the appropriate entity and address the responsibility for payment in negotiations for the purchase agreement or amendment prior to removing contingencies. Some cities and other localities have begun, or have the intention to begin, the process of requiring the replacement of utility poles by requiring that utility lines be buried underground. These projects can result in special tax assessments and set-up costs that are imposed on individual property owners. Brokers do not have expertise in this area.

## C. Off-Site and Neighborhood Conditions

**1. GOLF COURSE DISCLOSURES:** Buyer and Seller are advised that if the Property is located adjacent to or near a golf course the following may apply: (i) Stray golf balls - Any residence near a golf course may be affected by errant golf balls, resulting in personal injury or destruction to property. Golfers may attempt to trespass on adjacent property to retrieve golf balls even though the project restrictions may expressly prohibit such retrieval. (ii) Noise and lighting - The noise of lawn mowers irrigation systems and utility vehicles may create disturbances to homeowners. Maintenance operations may occur in the early morning hours. Residents living near the clubhouse may be affected by extra lighting, noise, and traffic. (iii) Pesticides and fertilizer use - A golf course may be heavily fertilized, as well as subjected to other chemicals during certain periods of the year. (iv) Irrigation system - Golf course sprinkler systems may cause water overspray upon adjacent property and structures. Also the irrigation system of a golf course may use reclaimed and retreated wastewater. (v) Golf carts - Certain lots may be affected more than others by the use of golf carts. Lots adjacent to a tee or putting green may be subject to noise disturbances and loss of privacy. (vi) Access to golf course from residences - It is likely that most residences will not have direct access from their lots to the golf course. The project restrictions may disclaim any right of access or other easements from a resident's lot onto the golf course. (vii) View obstruction - Residents living near a golf course may have their views over the golf course impacted by maturing trees and landscaping or by changes to the course's configuration. (viii) Water restrictions - As some municipalities face water shortages, the continued availability of water to the

SBSA REVISED 6/18 (PAGE 8 OF 14)

STATEWIDE BUYER AND SELLER ADVISORY (SBSA PAGE 8 OF 14)

Produced with zipForm® by zipLogix 18070 Fifteen Mile Road, Fraser, Michigan 48026 [www.zipLogix.com](http://www.zipLogix.com)

1062

golf course may be restricted or otherwise reduced by the local water agency. If Buyer wants further information, Broker(s) recommend that Buyer contact the local water agency regarding this matter. Brokers do not have expertise in this area.

**2. NEIGHBORHOOD, AREA, PERSONAL FACTORS, BUYER INTENDED USE, HIGH SPEED RAILS, AND SMOKING RESTRICTIONS:** Buyer and Seller are advised that the following may affect the Property or Buyer's intended use of it: neighborhood or area conditions, including schools, proximity and adequacy of law enforcement, crime, fire protection, other government services, availability, adequacy and cost of any speed-wired, wireless internet connections or other telecommunications or other technology services and installations, proximity to medical marijuana growing or distribution locations, cell phone towers, manufacturing, commercial, industrial, airport or agricultural activities or military ordnance locations, existing and proposed transportation, construction, and development, any other source that may affect noise, view, traffic, or odor, wild and domestic animals, susceptibility to tsunami and adequacy of tsunami warnings, other nuisances, hazards, or circumstances, protected species, wetland properties, botanical diseases, historic or other governmentally-protected sites or improvements, cemeteries, conditions and influences of significance to certain cultures and/or religions, and personal needs, requirements and preferences of Buyer and FAA requirements for recreational and non-recreational use of Unmanned Aircraft Systems (UAS) (drones) (see UAS frequently asked questions <http://www.faa.gov/uas/faqs/>). California is potentially moving toward high speed rail service between Northern and Southern California. This rail line could have an impact on the Property if it is located nearby. More information on the timing of the project and routes is available from the California High-Speed Rail Authority at [www.cahighspeedrail.ca.gov/](http://www.cahighspeedrail.ca.gov/). The State of California has long-standing no smoking laws in place restricting smoking in most business and some public spaces. Local jurisdictions may enact laws that are more restrictive than state law. Many California cities have enacted restrictions on smoking in parks, public sidewalks, beaches and shopping areas. Some jurisdictions have restrictions entirely banning smoking inside privately owned apartments and condominiums as well as in the common areas of such structures, or limiting smoking to certain designated areas. If Buyer wants further information, Broker(s) recommend that Buyer contact local government agencies about these restrictions. Brokers do not have expertise in this area.

**3. NEIGHBORHOOD NOISE SOURCES:** Buyer and Seller are advised that even if the Property is not in an identified airport noise influence area, the Property may still be subject to noise and air disturbances resulting from airplanes and other aircraft, commercial or military or both, flying overhead. Other common sources of noise include nearby commercial districts, schools, traffic on streets, highways and freeways, trains and general neighborhood noise from people, dogs and other animals. Noise levels and types of noise that bother one person may be acceptable to others. Buyer is advised to satisfy him/herself with regard to any sources of and amounts of noise at different times of day and night. Brokers do not have expertise in this area.

**4. SCHOOLS:** Buyer and Seller are advised that children living in the Property may not, for numerous reasons, be permitted to attend the school nearest the Property. Various factors including, but not limited to, open enrollment policies, busing, overcrowding and class size reductions may affect which public school serves the Property. School district boundaries are subject to change. Buyer is advised to verify whether the Property is now, and at the Close of Escrow will be, in the school district Buyer understands it to be in and whether residing in the Property entitles a person to attend any specific school in which that Buyer is interested. Broker(s) recommend that Buyer contact the local school or school district for additional information during Buyer's inspection contingency period. Brokers do not have expertise in this area.

**5. UNDERGROUND PIPELINES AND UTILITIES:** Throughout California underground pipelines transport natural gas, liquid fuel and other potentially hazardous materials. These pipelines may or may not provide utility services to the Property. Information about the location of some of the pipelines may be available from a company that also provides disclosures of natural and other hazards or from other sources of public maps or records. Proximity to underground pipelines, in and of itself, does not affirmatively establish the risk or safety of the property. If Buyer wants further information about these underground pipelines and utilities, Buyer is advised to consult with appropriate experts during Buyer's inspection contingency period. Brokers do not have expertise in this area.

## D. Legal Requirements (Federal, State and Local)

**1. DEATH ON THE PROPERTY:** California Civil Code Section 1710.2 protects a seller from: (i) failing to disclose a death on the property that occurred more than 3 years before a buyer has made an offer on a property; and (ii) failing to disclose if an occupant of a property was afflicted with HIV/AIDS, regardless of whether a death occurred or if so, when. Section 1710.2 does not protect a seller from making a misrepresentation in response to a direct inquiry. If the Buyer has any concerns about whether a death occurred on the Property or the manner, location, details or timing of a death, the buyer should direct any specific questions to the Seller in writing. Brokers do not have expertise in this area.

**2. EARTHQUAKE FAULT ZONES AND SEISMIC HAZARD ZONES:** Buyer and Seller are advised that California Public Resources Code Sections 2622 and 2696 require the delineation and mapping of "Earthquake Fault Zones" along known active faults and "Seismic Hazard Zones" in California. Affected cities and counties must regulate certain development projects within these zones. Construction or development on affected properties may be subject to the findings of a geological

report prepared by a registered California geologist. Generally, Seller must disclose if the Property is in such a zone and can use a research company to aid in the process. If Buyer wants further information, Broker recommends that,

during Buyer's inspection contingency period, Buyer make independent inquiries with such research companies or with appropriate government agencies concerning the use and improvement of the Property. Buyer is advised that there is a potential for earthquakes and seismic hazards even outside designated zones. Brokers do not have expertise in this area.

**3. EPA's LEAD-BASED PAINT RENOVATION, REPAIR AND PAINTING RULE:** The new rule requires that contractors and maintenance professionals working in pre-1978 housing, child care facilities, and schools with lead-based paint be certified; that their employees be trained; and that they follow protective work practice standards. The rule applies to renovation, repair, or painting activities affecting more than six square feet of lead-based paint in a room or more than 20 square feet of lead-based paint on the exterior. Enforcement of the rule begins October 1, 2010. See the EPA website at <http://www.epa.gov/lead> for more information. Buyer and Seller are advised to consult an appropriate professional. Brokers do not have expertise in this area.

**4. FIRE HAZARDS:** Buyer and Seller are advised that fires annually cause the destruction of thousands of homes. Due to varied climate and topography, certain areas have higher risks of fires than others. Certain types of materials used in home construction create a greater risk of fire than others. If the Property is located within a State Fire Responsibility Area or a Very High Fire Hazard Zone, generally Seller must disclose that fact to Buyer under California Public Resources Code Section 4136 and California Government Code Sections 51178 and 51183.5, and may use a research company to aid in the process. Owners of property may be assessed a fire prevention fee on each structure on each parcel in such zones. The fee may be adjusted annually commencing July 1, 2013. If Buyer wants further information, Broker recommends that, during Buyer's inspection contingency period, Buyer contact the local fire department and Buyer's insurance agent regarding the risk of fire. Buyer is advised that there is a potential for fires even outside designated zones. Brokers do not have expertise in this area.

**5. FIRPTA/CALIFORNIA WITHHOLDING:** Buyer and Seller are advised that: (i) Internal Revenue Code Section 1445, as of February 17, 2016, requires a Buyer to withhold and to remit to the Internal Revenue Service 15% of the purchase price of the property if the Seller is a non-resident alien, unless an express exemption applies. Only 10% needs to be withheld if the Buyer acquires the property as Buyer's residence and the price does not exceed \$1,000,000. Seller may avoid withholding by providing Buyer a statement of non-foreign status. The statement must be signed by Seller under penalty of perjury and must include Seller's tax identification number. Buyer can also avoid having to withhold Federal taxes from Seller's Proceeds if the property price is \$300,000 or less, and the Buyer signs an affidavit stating Buyer intends to occupy the property as a principal residence. (ii) California Revenue and Taxation Code Section 18662 requires that a Buyer withhold and remit to the California Franchise Tax Board 3 1/3% of the purchase price of the property unless the Seller signs an affidavit that the property was the Seller's (or the decedent's, if a trust or probate sale) principal residence or that the sales price is \$100,000 or less or another express exemption applies. Exemptions from withholding also apply to legal entities such as corporations, LLCs, and partnerships. Brokers cannot give tax or legal advice. Broker recommends that Buyer and Seller seek advice from a CPA, attorney or taxing authority. Brokers do not have expertise in this area.

**6. FLOOD HAZARDS:** Buyer and Seller are advised that if the Property is located within a Special Flood Hazard Area, as designated by the Federal Emergency Management Agency (FEMA), or an area of Potential Flooding pursuant to California Government Code Section 8589.3, generally Seller must disclose this fact to Buyer and may use a research company to aid in the process. The National Flood Insurance Program was established to identify all flood plain areas and establish flood-risk zones within those areas. The program mandates flood insurance for properties within high-risk zones if loans are obtained from a federally-regulated financial institution or are insured by any agency of the United States Government. The extent of coverage and costs may vary. If Buyer wants further information, Broker(s) recommend that Buyer consult his or her lender and/or insurance agent during Buyer's inspection contingency period. Buyer is advised that there is a potential for flooding even outside designated zones. Brokers do not have expertise in this area.

**7. MEGAN'S LAW DATABASE DISCLOSURE:** Notice: Pursuant to Section 290.46 of the Penal Code, information about specific registered sex offenders is made available to the public via an Internet Web site maintained by the Department of Justice at <http://www.meganslaw.ca.gov/>. Depending on an offender's criminal history, this information will include either the address at which the offender resides or the community of residence and ZIP Code in which he or she resides. (Neither Seller nor Brokers, in any, are required to check this website. If Buyer wants further information, Buyer should obtain information directly from this website.) Brokers do not have expertise in this area.

**8. NOTICE OF YOUR SUPPLEMENTAL PROPERTY TAX BILL; ACCURATE SALES PRICE REPORTING:** Buyer and Seller are advised that pursuant to Civil Code § 1102.6(c), Seller, or his or her agent, is required to provide the following notice to the Buyer:

"California property tax law requires the Assessor to revalue real property at the time the ownership of property changes. Because of this law, you may receive one or two supplemental tax bills, depending on when your loan closes.

The supplemental tax bills are not mailed to your lender. Even if you have arranged for your property tax payments to be paid through an impound account, the supplemental tax bills will not be paid by your lender. It is your responsibility to pay these supplemental bills directly to the Tax Collector. If you have any questions concerning this matter, please call your Tax Collector's Office."

Although the notice refers to loan closing as a trigger, it is actually the change of ownership which triggers this reassessment of property taxes. Therefore, the Property can be reassessed even if there is no loan involved in the purchase of the Property. The Purchase Agreement may allocate supplemental tax bills received after the Close of Escrow to the Buyer. A change (preliminary change) of ownership form is generally required to be filed by the Buyer with the local taxing agency. The form identifies the sales price of the Property. An assessor may value the Property at its fair market value regardless of the sales price declared by the Buyer. If Buyer wants further information concerning these matters, Broker(s) recommend that Buyer discuss the issue with the County Assessor or Tax Collector or their own tax or legal advisor. Brokers do not have expertise in this area.

**9. ZONE MAPS MAY CHANGE:** Maps that designate, among other things, Earthquake Fault Zones, Seismic Hazard Zones, State Fire Responsibility Areas, Very High Fire Hazard Zones, Special Flood Hazard Areas, and Potential Flooding Areas are occasionally redrawn by the applicable Government Agency. Properties that are currently designated in a specified zone or area could be removed and properties that are not now designated in a specified zone or area could be placed in one or more such zones or areas in the future. A property owner may dispute a FEMA flood hazard location by submitting an application to FEMA. Brokers do not have expertise in this area.

## E. Contract Related Issues and Terms

**1. ARBITRATION:** Buyer and Seller are advised that arbitration is a process by which the disputing parties hire a neutral person to render a binding decision. Generally, arbitration is faster and less expensive than resolving disputes by litigating in court. The rules are usually less formal than in court, and it is a private process not a matter of public record. By agreeing to arbitration, the parties give up the right to a jury trial and to appeal the arbitrator's decision. Arbitration decisions have been upheld even when arbitrators have made a mistake as to the law or the facts. If the parties agree to arbitration, then after first attempting to settle the dispute through mediation, any dispute arising out of their agreement (with a few limited exceptions) must be submitted to binding arbitration. Buyer and Seller must weigh the benefits of a potentially quicker and less expensive arbitration against giving up the right to a jury trial and the right to appeal. Brokers cannot give legal advice regarding these matters. Buyers and Sellers must decide on their own, or with the advice of legal counsel, whether to agree to arbitration. Brokers do not have expertise in this area.

**2. ELECTRONIC SIGNATURES:** The ability to use electronic signatures to sign legal documents is a great convenience, facilitating the ability to send and receive documents and reach agreement in a real estate transaction. However, Buyers and Sellers are cautioned to carefully read each provision. Arrows indicating "sign here" are merely there for the convenience of finding the next signature line. Only sign if you have taken the time necessary to read each document thoroughly, have full knowledge, and consent to the terms provided in the document. Brokers strongly advise Buyers and Sellers to read the entire document before signing even if they have reviewed an earlier draft. Do not just scroll through or skip to the next signature line. You are signing a legally binding agreement. Read it carefully. Ask your Broker, Agent or legal advisor if you have questions or do not understand a provision, and sign only if you agree to be bound by the terms. Brokers do not have expertise in this area.

**3. ESCROW FUNDS:** Buyer and Seller are advised that California Insurance Code Section 12413.1 provides that escrow companies cannot disburse funds unless there are sufficient "good funds" to cover the disbursement. "Good funds" are defined as cash, wire transfers and cashiers' or certified checks drawn on California depositories. Escrow companies vary in their own definitions of "good funds." Broker(s) recommend that Buyer and Seller ask the escrow company regarding its treatment of "good funds." All samples and out-of-state checks are subject to waiting periods and do not constitute "good funds" until the money is physically transferred to and received by the escrow holder. Brokers do not have expertise in this area.

**4. HOME WARRANTY:** Buyer and Seller are advised that Buyer and Seller can purchase home warranty plans covering certain standard systems of the Property both before and after Close of Escrow. Seller can obtain coverage for the Property during the listing period. For an additional premium, an upgraded policy providing additional coverage for air conditioning, pool and spa and other features can be purchased. Home warranties do not cover every aspect of the Property and may not cover inspections or upgrades for repairs required by state or federal laws or pre-existing conditions. Broker(s) recommend that Buyer review the policy for details. Brokers do not have expertise in this area.

**5. IDENTIFICATION OF NATURAL PERSONS BEHIND SHELL COMPANIES IN ALL-CASH TRANSACTIONS:** The U.S. Treasury Department's Financial Crimes Enforcement Network (FinCEN) has issued Geographic Targeting Orders (GTOs) targeting alleged money laundering risk in the real estate sector. The GTOs will temporarily require U.S. title insurance companies to identify the natural persons behind shell companies used to pay "all cash" for high-end residential real estate in certain major metropolitan areas. FinCEN explained that it remains concerned that all-cash purchases (i.e., those without bank financing) may be conducted by individuals attempting to hide their assets and identity by purchasing residential properties through limited liability companies or other similar structures. Since the

original issuance, the GTOs have been renewed and may continue to be renewed. The GTOs cover the following areas in California: Los Angeles, San Francisco, San Mateo, Santa Clara and San Diego Counties. The monetary thresholds for each county is \$2 million. GTOs have helped law enforcement identify possible illicit activity. FinCEN reported that a significant portion of covered transactions have dictated possible criminal activity associated with the individuals reported to be the beneficial owners behind shell company purchasers. Brokers do not have expertise in this area.

**6. LIQUIDATED DAMAGES:** Buyer and Seller are advised that a liquidated damages clause is a provision Buyer and Seller can use to agree in advance to the amount of damages that a seller will receive if a buyer breaches the Agreement. The clause usually provides that a seller will retain a buyer's initial deposit paid if a buyer breaches the agreement, and generally must be separately initialed by both parties and meet other statutory requirements to be enforceable. For any additional deposits to be covered by the liquidated damages clause, there generally must be another separately signed or initialed agreement (see C.A.R. Form RID). However, if the Property contains from 1 to 4 units, one of which a buyer intends to occupy, California Civil Code Section 1675 limits the amount of the deposit subject to liquidated damages to 3% of the purchase price. Even though both parties have agreed to a liquidated damages clause, an escrow company will usually require either a judge's or arbitrator's decision or instructions signed by both parties in order to release a buyer's deposit to a seller. Buyers and Sellers must decide on their own, or with the advice of legal counsel, whether to agree to a liquidated damages clause. Brokers do not have expertise in this area.

**7. MEDIATION:** Buyer and Seller are advised that mediation is a process by which the parties hire a neutral person to facilitate discussion and negotiation between the parties with the goal of helping them reach a settlement of their dispute. The parties generally share in the cost of this confidential, non-binding negotiation. If no agreement is reached, either party can pursue further legal action. Under C.A.R. Form RPA-CA: (i) the parties must mediate any dispute arising out of their agreement (with a few limited exceptions, such as matters within the jurisdiction of a small claims court) before they resort to arbitration or court, and (ii) if a party proceeds to arbitration or court without having first attempted to mediate the dispute, that party risks losing the right to recover attorney fees and costs even if he or she prevails. Brokers do not have expertise in this area.

**8. NON CONFIDENTIALITY OF OFFERS:** Buyer is advised that Seller or Listing Agent may disclose the existence, terms, or conditions of Buyer's offer, unless all parties and their agent have signed a written confidentiality agreement (such as C.A.R. Form CND). Whether any such information is actually disclosed depends on many factors, such as current market conditions, the prevailing practice in the real estate community, the Listing Agent's marketing strategy and the instructions of the Seller. Brokers do not have expertise in this area.

**9. ONLINE OR WIRE FUNDS TRANSFERS:** Instructions for the online or wire transfer of escrow deposits have been known to be intercepted by hackers who alter them so that Buyer's funds are actually wired to accounts controlled by criminals rather than the escrow company. Buyers should exercise extreme caution in making electronic funds transfers, verifying that the organization they are transferring funds to is, in fact, the escrow company and that their own bank account information is not being exposed. See C.A.R. Form WFA for further information. Brokers do not have expertise in this area.

## F. Other Factors Affecting Property

**1. COMMUNITY ENHANCEMENT AND PRIVATE TRANSFER FEES:** Buyer and Seller are advised that some areas or communities may have enhancement fees or user-type fees, or private transfer taxes and fees, over and above any stated fees. The Federal Housing Finance Agency has issued a rule that prohibits Fannie Mae and Freddie Mac from purchasing loans made on properties with private transfer fees if those fees were established on or after February 8, 2011. See title 12 Code of Federal Regulations Section 1228 for more information and exceptions. Private transfer fees: (i) may last for a fixed period of time or in perpetuity, (ii) are typically calculated as a percentage of the sales price, and (iii) may have private parties, charitable organizations or interest-based groups as their recipients who may use the funds for social issues unrelated to the property. Brokers do not have expertise in this area.

**2. GENERAL RECALL/DEFECTIVE PRODUCT/CLASS ACTION INFORMATION:** Buyer and Seller are advised that government entities and manufacturers may at any time issue recall notices and/or warnings about products that may be present in the Property, and that these notices or warnings can change. The following nonexclusive, non-exhaustive list contains examples of recalled/defective products/class action information: horizontal furnaces, Whirlpool Microwave Hood Combination; RE-ConBuilding products roof tiles; Central Sprinkler Company Fire Sprinklers; Robert Shaw Water Heater Gas Control Valves; Trex Decking; water heaters; aluminum wiring; galvanized, abs, polybutylene PEX, KITEC® and copper pipe; and dry wall manufactured in China. There is no single, all-inclusive source of information on product recalls, defective products or class actions; however, the U.S. Consumer Product Safety Commission (CPSC) maintains a website that contains useful information. If Buyer wants further information regarding the items listed above, Broker(s) recommend that Buyer review the CPSC website at <http://www.cpsc.gov/> during Buyer's inspection contingency period. Another source affiliated with the CPSC is <http://saferproducts.gov/> which allows a Buyer to search by product type or product name. Buyer may also search using the various search engines on the Internet for the specified product

or products in question. Brokers recommend that Buyer satisfy themselves regarding recalled or defective products. Brokers will not determine if any aspect of the Property is subject to a recall or is affected by a class action lawsuit. Brokers do not have expertise in this area.

**3. HOMEOWNER ASSOCIATIONS AND COVENANTS, CONDITIONS AND RESTRICTIONS ("CC&Rs"); CHARGING STATIONS; FHAVA APPROVAL:** Buyer and Seller are advised that if the Property is a condominium, or located in a planned unit development, or in a common interest subdivision, there are typically restrictions on use of the Property and rules that must be followed. Restrictions and rules are commonly found in Declarations and other governing documents. Further there is likely to be a homeowner association (HOA) that has the authority to affect the Property and its use. Whether or not there is a HOA, the Property may still be subject to CC&Rs restricting use of the Property. The HOA typically has the authority to enforce the rules of the association, assess monetary payments (both regular monthly dues and special assessments) to provide for the upkeep and maintenance of the common areas, and enforce the rules and assessment obligations. If you fail to abide by the rules or pay monies owed to the HOA, the HOA may put a lien against your Property. Additionally, if an electric vehicle charging station is installed in a common area or an exclusive use common area, each Seller whose parking space is on or near that charging station must disclose its existence and that the Buyer will have the responsibilities set forth in California Civil Code §4745. The law requires the Seller to provide the Buyer with the CC&Rs and other governing documents, as well as a copy of the HOA's current financial statement and operating budget, among other documents. Effective July 1, 2016, a Common Interest Development (CID) will be required to include in its annual budget report a separate statement describing the status of the CID as a Federal Housing Administration or Department of Veterans Affairs approved Development. While the purchase agreement and the law require that the annual budget be provided by Seller to Buyer, Brokers will not and cannot verify the accuracy of information provided by the CID. Buyer is advised to carefully review all HOA documents provided by Seller and the CC&Rs, if any, and satisfy him/herself regarding the use and restrictions of the Property, the amount of monthly dues and/or assessments, the adequacy of reserves, current and past insurance coverage and claims, and the possibility of any legal action that may be taken by or against the HOA. The HOA may not have insurance or may not cover personal property belonging to the owner of the unit in the condominium, common interest or planned unit development. For more information Buyer may request from Broker the C.A.R. Legal Q&A titled: "Homeowners' Associations: A Guide for REALTORS®". Brokers do not have expertise in this area.

**4. LEGAL ACTION:** Buyer and Seller are advised that if Seller or a previous owner was involved in a legal action (litigation or arbitration) affecting the Property, Buyer should obtain and review public and other available records regarding the legal action to determine: (i) whether the legal action or any resolution of it affects Buyer and the Property, (ii) if any rights against any parties involved in the legal action survive the legal action or have been terminated or waived as a result of the legal action, whether or not involving the same issue as in the legal action, and (iii) if any recommendations or requirements resulting from the legal action have been fulfilled and, if so, that Buyer is satisfied with any such action. Buyer should seek legal advice regarding these matters. Brokers do not have expertise in this area.

**5. MARKETING; INTERNET ADVERTISING; INTERNET BLOGS; SOCIAL MEDIA:** Buyer and Seller are advised that Broker may employ a "staging" company to assist in the presentation of the Property. The furnishings and decorations in the staging are generally not included in the sale unless specifically noted in the Agreement. Statements and inclusion in the MLS entry, flyers, and other marketing materials are NOT part of the Agreement. In addition, Broker may employ a service to provide a "virtual tour" or "virtual staging" or Internet marketing of the Property, permitting potential buyers to view the Property over the Internet. While they are supposed to be an accurate representation of the property, the photos may be enhanced and not fully representative of the actual condition of the property. Further, neither the service provider nor Broker have total control over who will obtain access to materials placed on the internet or what action such persons might take. Additionally, some Internet sites and other social media provide formats for comments or opinions of value of properties that are for sale. Information on the Property, or its owner, neighborhood, or any homeowner association having governance over the Property may be found on the internet on individual or commercial web sites, blogs, Facebook pages, or other social media. Any such information may be accurate, speculative, truthful or lies, and it may or may not reflect the opinions or representations by the Broker. Broker will not investigate any such sites, blogs, social media or other internet sites or the representations contained therein. Buyer is advised to make an independent search of electronic media and online sources prior to removing any investigation contingency. Buyer and Seller are advised that Broker has no control over how long the information or photos concerning the Property will be available on the Internet or through social media, and Broker will not be responsible for removing any such content from the internet or MLS. Brokers do not have expertise in this area.

**6. PACE LOANS AND LIENS:** The acronym PACE stands for Property Assessed Clean Energy. PACE programs allow property owners to finance energy and water conservation improvements and pay for them through an assessment on the owner's property. PACE programs are available in most areas for both residential one to four unit properties and commercial properties. PACE programs may be referred to by different names such as HERO or SCEIP, among others. If a PACE project is approved, an assessment lien is placed on a property for the amount owed plus interest. A property owner repays the entity for the improvements as a special tax assessment on the property tax bill over a period of years. A PACE lien is similar to a property tax lien in that it has "super priority." Sellers are obligated to disclose, pursuant to the C.A.R. Residential Purchase Agreement (C.A.R. Form RPA), whether any improvement is subject to a lien such as a PACE lien. Properties that are subject to PACE liens made on or after July 6, 2010 may not be eligible for financing. For more information, Buyer may request from Broker the C.A.R. Legal Q&A titled: "PACE Programs and Solar Leases". Brokers do not have expertise in this area.

7. **RE-KEYING:** All locks should be re-keyed immediately upon close of escrow so as to ensure the Buyer's safety and security of their persons as well as their personal belongings. Alarms, if any, should be serviced by professionals and codes should be changed. Garage door openers and remotes should be re-coded. In the event of a lease back to Seller after the close of escrow, Seller is advised that the Buyer is entitled to the keys as the Owner of the Property even though the Seller stays in possession of the Property as provided in the RPA.

8. **SOLAR PANEL LEASES:** Solar panel or power systems may be owned or leased. Although leased systems are probably personal property, they are included in the sale by the C.A.R. purchase agreement which also obligates the Seller to make a disclosure to the Buyer and provide the Buyer with documentation concerning the lease and system. Leasing companies generally secure payments by filing a UCC-1 (a Uniform Commercial Code form giving notice of a creditor's security interest) against the property. Buyers are given a contingency right to investigate the solar related system and documentation and assume any lease. Assumption of the lease may require Buyer to provide financial information to the leasing company who may require a credit report be obtained on the Buyer. Should a solar panel or power system be on the Property, Buyers should determine if the system is leased or owned. Buyers willingness to assume any such lease is a contingency in favor of Seller. For more information, Buyer may request from Broker the C.A.R. Legal Q&A titled: "PACE Programs and Solar Leases". Brokers do not have expertise in this area.

9. **RECORDING DEVICES:** Audio or video recording devices or both may be present on the Property, whether or not notice of any such devices has been posted. Seller may or may not even be aware of the capability of such devices.

## G. Local Disclosures and Advisories

### 1. LOCAL ADVISORIES OR DISCLOSURES (IF CHECKED):

The following disclosures or advisories are attached:

- A.  \_\_\_\_\_
- B.  \_\_\_\_\_
- C.  \_\_\_\_\_
- D.  \_\_\_\_\_

**Buyer and Seller are encouraged to read all 14 pages of this Advisory carefully. By signing below, Buyer and Seller acknowledge that each has read, understands and received a copy of all 14 pages of this Advisory.**
